

PROJECT REFERENCE – MSRC (Multi-Shell Repair Clamp)

Straight Pipe Defects

Scope Name / Ref:		Deployment Target Date:	
Quantity of Leak Type:		Page:	OF

LEAK CHARACTERISTICS

Pipe Specification					
Size (NPS / OD)		Wall Thickness / Pipe Schedule			
Pipe Orientation		Pipe Coating			
Fluid Specification					
Fluid Type / Properties		Operating Temperature		MIN	MAX
Maximum Design Pressure		Design Temperature		MIN	MAX
Defect Characteristics / Dimensions					
Pipe Reinforcement – No breach		Through-wall Defect			
Metal Loss – Internal		Dent			
Metal Loss – External		Crack			
Joint Defect		Other Surface Defect			
Defect Axial Length		Defect Circumferential Length			
Elbows/Fittings/Valves in Proximity		Min. Residual Wall Thickness			
Additional Details & Requirements – please provide photographs					
OFFICE USE					
SRJ Contact Person:		Reference No:
