

**SRJ BoltEx® L2 ENQUIRY FORM**

**ANSI/ASME B16.5 FLANGES – BoltEx® Standard Range**

Specify the number of BoltEx® Flange Clamps required per type from the standard range, to suit ANSI/ASME B16.5 compliant flanges. Note that for smaller sizes, 900 and 1500 class flanges are equivalent and require the same clamp.

Flange Size	ASME B16.5 Flange Class				
	150	300	600	900	1500
0.5"					
0.75"					
1"					
1.5"					
2"					
2.5"					
3"					
4"					
5"					
6"					
8"					

**OTHER FLANGE TYPES**

Specify any other size/class/design standard flanges that you are interested in. Fill in specific size/class/design standard as required in blank rows/columns.

Flange Size	Flange Standard	Flange Class					

**Additional Information & Specific Requirements**

Blank area for additional information and specific requirements.
